ENGINE PROTECTION BAR,  
CHROME - PLATED

NEW

- Available for:
- R 18
  - R 18 Classic

Safety in a classic custom look: the robust engine protection bars made of chrome-plated stainless steel reliably protect the cylinders of the boxer engine from damage in the event of an incident. They are attached to special mounting points in order to also protect the frame from damage.

FRONT - WHEEL COVER  
21" WHEEL (NOT SHOWN)

NEW

- Available for:
- R 18
  - R 18 Classic

The slim front-wheel cover made of primed sheet steel fits snugly against the tyre. The high-quality cover for the 21 -inch wheel can be painted in the vehicle colour or according to individual customer requirements.

Only available in conjunction with 21" front wheel. Part is only primed and still needs to be painted.

BOBBER STYLE REAR - WHEEL  
COVER  
(NOT SHOWN)

NEW

- Available for:
- R 18

The Bobber style rear-wheel cover includes a flat metal rear-wheel cover including a retaining bracket for the turn indicators. Like the historical models of the 1940s, the self-supporting rear-wheel cover is mounted very close to the rear tyre and ensures the typical Bobber look.

Only in conjunction with set of side number plate carriers and set of black Hommage solo seats. Part is only primed and still needs to be painted.

NUMBER PLATE CARRIER BLACK, ON SIDE

- Available for:
- R 18
- The high-quality number plate carrier underlines the cool custom look and gives a clear view of the rear tyre. The carrier has an LED number plate light and is mounted on the left side of the vehicle. The almost invisible mounting in the area of the swinging arm looks particularly attractive.
- Not in conjunction with left side bag set and left side bag holder set.  
Not in conjunction with brown saddlebag set.

HANDLEBAR RISERS

- Available for:
- R 18
  - R 18 Classic

The bike's ergonomics and styling can be modified with the forged aluminium handlebar risers. In the 4" variant, the high-quality milled part is approx. 10 cm high, meaning that the handlebar is positioned higher and 2.5 cm closer to the rider than in the standard version. This handlebar position provides additional comfort for tall riders. In the 1.5" variant, the high-quality milled part is approx. 2.5 cm high, meaning that the handlebar is positioned slightly lower than in the standard version. The flat silhouette also emphasises the bike's dynamic look.

- 3-4 Only available for the R 18
