BROCHURE 2019.

BMW F 850 GS ADVENTURE.

MAKE LIFE A RIDE.
The BMW F 850 GS Adventure is a travel Enduro for true globetrotters who are just as much at home on long distance stretches as they are off-road. For all those who want to discover new destinations every day and yet have only one goal: unlimited adventure. Its striking off-road design already reveals where the journey is going – everywhere. This powerful parallel twin engine has enough reserves to confidently master any off-road challenge, no matter how far away, and thanks to 23 litres of tank volume, the bike can cover distances that others can only marvel at. Moreover, it uses only 4.1 litres per 100 km. With the electronic Ride-by-Wire control, the throttle response can be controlled with absolute precision. ABS and ASC are as standard on board and perfectly adapted to the respective road conditions for the RAIN and ROAD riding modes. As an option, the additional Pro riding modes and Dynamic ESA ensure greater safety and riding pleasure on and off the road. This is complemented by impressive travel comfort on the road, for example with the high, adjustable windshield and standard comfort seat. When riding off-road standing up, the high handlebars are just as impressive as the adjustable gearshift and footbrake levers. Naturally extensive safety equipment with hand protector, engine protection bar and Enduro footrests is also included. This versatile travel Enduro is equipped to face any challenge – and offers a wide range of accessories such as aluminium luggage systems.

BMW F 850 GS Adventure
Model code: 0K03

**Dimensions/weight**
- Length: 2300 mm
- Height excluding mirrors / width including mirrors: 1437 mm / 939 mm
- Wheelbase: 1593 mm
- Unladen weight: 244 kg
- Permitted total weight: 455 kg
- Max. load with standard equipment: 211 kg
- Double tank capacity (oil reserved): 23 l (approx. 3.5 l)

**Performance / fuel consumption**
- Max. speed: 197 km/h
- Fuel consumption per 100 km according to WMTC: 4.1 l
- CO₂ emissions in accordance with WMTC: 98 g/km

**Chassis**
- BMW Motorrad ABS (optional)
- ASC (Automatic Stability Control), switchable
- Upside-down fork with hydraulic steering damper at the front (diameter 43 mm, spring travel of standard chassis and suspension: 230 mm)
- Double-sided swinging arm of aluminium at the rear (spring travel of standard chassis and suspension: 215 mm)
- Central spring strut with travel-dependent damping
- Hydraulically adjustable spring preload
- Adjustable rebound-stage damping
- Double disc brakes with floating discs, front (diameter 305 mm), double-piston floating caliper
- Single disc brake at rear (diameter: 265 mm), single-piston floating caliper
- Double-butted high aluminium handlebars
- Cross-spoke wheels, rims in gloss black (tires: front 90/90 21, rear 150/70 R17)

**Electrical system**
- Pro-on-board computer
- Multifunctional display, rev counter and indicator lights for clear presentation of all relevant vehicle data and driving statistics such as kilometres driven, average speed and consumption, engine and outside temperature with ice warning below 3°C, range after reaching reserve fuel, current time, service date and remaining distance; information on the available driving modes and much more.
- 12 V power socket
- Electronic immobiliser
- Diagnostic interface
- Hazard warning lights
- Comfort indicators, white and LED tail light
- Full LED headlight (low-beam headlight and high beam)

**Equipment**
- Two riding modes (“Rain” and “Road”); ABS and ASC (Automatic Stability Control) levels vary according to riding mode
- Large, height-adjustable touring windscreen
- Stainless steel luggage carrier
- One-piece comfort seat (seat height: 875 mm / step length: 1950 mm)
- Handles and detachable pillion footrests
- One key system for all locks
- Adjustable handbrake, clutch lever as well as foot brake and gear levers
- Crossbeam for pillion footrests can be easily removed for off-road use

**Colours**
- **BMW F 850 GS Adventure Rallye:**
  - N86 paintwork Lupin blue metallic / seat, Black/Grey
  - Only available in conjunction with equipment version BMW F 850 GS Adventure Rallye at an additional cost.
- **BMW F 850 GS Adventure Exclusive:**
  - N2K paintwork in Granite grey metallic / seat, Black/Grey
  - Only available in conjunction with equipment version BMW F 850 GS Adventure Rallye at an additional cost.
- **BMW F 850 GS Adventure**
  - N2H paintwork Ice grey / seat, Black/Grey
Optional equipment packages (available at additional cost)

Select Package Option ZSP
- Preparation for GPS Device
- Dynamic Electronic Suspension Adjustment
- Cruise Control
- Luggage Brackets
- Dynamic Traction Control
- Gear Shift Assistant Pro
- Off-road tires
- ABS Pro
- Anti-Theft Alarm System

Optional equipment packages (available at additional cost)

Select Package Lowered Option ZSL
- Select package
- Remove Dynamic ESA
- Lowered Suspension (seat height 815 mm)

Premium Package Option ZPP
- Preparation for GPS Device
- Dynamic Electronic Suspension Adjustment
- Cruise Control
- Luggage Brackets
- Dynamic Traction Control
- Gear Shift Assistant Pro
- Off-road tires
- ABS Pro
- Anti-Theft Alarm System
- Keyless Ride
- Centre Stand
- Tire Pressure Control

Optional equipment available at no extra cost

- Off-road tires
- Double seat, Black (seat height: 860 mm; step length: 1910 mm)
- Low seat Black/Grey
- Seat variants, shift assistant Pro, HP sport silencer, case holder, centre stand, heated grips, white LED flashing turn indicators, anti-theft alarm, preparation for navigation device and hand protectors can be retrofitted as Original BMW Motorrad Equipment.

Optional equipment available at no extra cost

- Off-road tires
- Double seat, Black (seat height: 860 mm; step length: 1910 mm)
- Low seat Black/Grey
- Seat variants, shift assistant Pro

Optional equipment available at additional cost

- HP Sport silencer
- LED additional headlights

Detailed information on Pro riding modes including ABS and DTC

Rain and Road modes are available as standard. The Pro option includes two additional modes Dynamic and Enduro. Coding plug changes Enduro mode to Enduro Pro mode. This mode ensures that the motorcycle’s control systems are optimised for sporty off-road use with lugged tires and the settings for throttle response, DTC and ABS Pro can be configured in a variety of ways.

HP PARTS.*

HP sport silencer
The high-end titanium-clad silencer delivers an impressively rich sound and is a clear avowal to racing, both visually and acoustically. The high-quality slip-on model offers a weight-saving of approx. 2.5 kg compared to the standard model thanks to its lightweight design. For example, the connecting pipe and the inner structure made of stainless steel are encased in an elaborately shaped titanium shell. The tailpipe is also encased in an ultra-lightweight carbon end cap, which also saves weight and gives it an even sportier look. This dynamic appearance is perfectly complemented by the lasered Akrapovič logo and an HP inscription on the sides. HP Sports silencer also available as optional equipment.

To be fitted or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- HP sport silencer
- HP sport silencer, Black (not shown)

HP handbrake lever and HP clutch lever.
The HP hand levers made of grey anodised aluminium accentuate the sportiness of the bike. The HP handbrake lever can be ergonomically adjusted to the hand width in five steps, the HP clutch lever in three steps. To be fitted or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- HP handbrake lever
- HP clutch lever

STORAGE.

Aluminium cases
The perfect solution for touring fans who place the highest demands on themselves and their equipment: The aluminium cases offer 80 litres of storage space. This robust piece of transport equipment is dust- and waterproof. Many practical details impress even under extreme conditions. Case holders also available as optional equipment.

To be fitted or enabled in a specialist workshop, ideally at your BMW Motorrad dealership. Only available in combination with case holder for aluminium cases.

- Aluminium cases (44 l, left and 36 l, right)
- Black aluminium cases (44 l, left and 36 l, right)
- Case holder for aluminium case (left and right)

Carry handles for aluminium luggage system
The practical carry handles for aluminium cases and topcases make it easy to transport the luggage to and from the bike.

- Carry handle for aluminium case / topcase

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.ca.

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

STORAGE.*

Aluminium topcase and backrest pad
The perfect solution for touring fans who place the highest demands on themselves and their equipment: With its volume of 32 l, the aluminium topcase offers enough space for a BMW Motorrad helmet. The robust box is dust- and waterproof. Practical details impress even under extreme conditions. The comfortable backrest pad for the aluminium topcase offers the passenger more comfort both on short trips and on long tours.

- Aluminium topcases, 32 l
- Backrest pad for aluminium topcase

Liners for aluminium cases and topcase
The waterproof liner for the aluminium luggage system gets the luggage organised and facilitates loading and unloading.

- Liner for aluminium case, left
- Liner for aluminium case, right
- Liner for aluminium topcase

Carry handles for aluminium luggage system
The practical carry handles for aluminium cases and topcases make it easy to transport the luggage to and from the bike.

- Carry handle for aluminium case / topcase

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.ca.
**ORIGINAL BMW MOTORRAD ACCESSORIES.**

**STORAGE.**

**Atacama luggage system**
The perfect choice for travel pros who like to make their way along unknown paths; the robust Atacama side bags can withstand a lot and sport many clever details and a storage volume of 25 litres and 35 litres. Under the outer skin made of abrasion-resistant ballistic nylon is a removable inner made of welded, waterproof PVC. A large clever compartment, a document compartment with rip, attached exterior pockets with roll closure and access for a drinking tube on the left leave nothing to be desired. Reinforcements on the inside keep the softbags in shape. Particularly practical is the special quick-release fastener system in which the side bags are simply pushed onto the existing case holder with Atacama adapter plates from above and locked in place. Carry handles make transport to and from the bike easy. The Atacama luggage system also includes an optional luggage roll that can be easily and securely attached to the bike and adds another 40 litres of space.

BMW Motorrad navigation systems

With the multifunctional Navigator VI, route planning becomes child’s play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way. Thanks to the circular polarisation filter (CPOL), the waterproof display is easy to read even in direct sunlight. The high-resolution screen in a casing similar to a smartphone provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes according to your personal preferences and enjoy driving on winding and quiet side roads. The “round trip” option is a good choice on unfamiliar terrain, which will reliably lead back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. Navigation preparation, further functions such as “My motorcycle” are available; alternatively, control via the multi-controller on the handlebars is possible. Plus you will always be up to date thanks to lifelong, free map updates.

BMW Motorrad navigation systems only available in conjunction with navigation device preparation.

NAVIGATION PREPARATION RETROFIT KIT

The navigation preparation retrofit kit with a holder and mount cradle for the instrument cluster integrates the BMW Navigator neatly into the cockpit and thus into the rider’s direct field of vision. The navigation system is secured against theft and can be conveniently operated via the Multi-Controller on the handlebars. Also available as optional equipment.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

NAVIGATION AND COMMUNICATIONS.*

BMW Motorrad smartphone cradle

BMW Motorrad’s robust smartphone cradle provides a safe and protected place for your smartphone. This means that useful functions such as navigation instructions and online information can also be used while you are on the move. Thanks to the handy charging function, your smartphone is always ready for action even on extended bike tours.

- First-aid kit
  The extensive large first-aid kit from BMW Motorrad complies with the DIN standard for first-aid cases and should not be missing from any motorcylist. The compact small first-aid kit fits into any motorcycle and includes basic equipment for treating minor injuries.
  • First-aid kit, large
  • First-aid kit, small

- Protective film for 6.5-inch TFT display
  The protective layer of tempered glass reliably protects the 6.5-inch TFT display from dirt and damage, even off-road.
  • Protective layer for 6.5-inch TFT display

* Original BMW Motorrad accessories are available from your BMW Motorrad dealer.

For more detailed information, contact your BMW Motorrad dealership or go online at bmw-motorrad.ca.
Automatic chain lubrication system
The chain lubricating system automatically supplies the drive chain with lubricant while riding. However, the system only works while the engine is running. The continuous lubrication minimises friction and wear of the chain drive, reduces the amount of maintenance and care needed and thus increases the service life of the chain.

To be fitted and/or enabled in a specialist workshop, ideally at your BMW Motorrad dealership.

- Automatic chain lubrication system
  (+) Mounted parts

   • Motorcycle cleaning kit

* Original BMW Motorrad accessories are available from your BMW Motorrad dealers.
EnduroGuard suit
With the EnduroGuard suit you are always prepared, whatever the weather. This professional enduro suit is the pinnacle of performance and practicality. The specially developed outer material made of Dynatec and Dynatec Stretch (with a partial ceraspace print) offers the highest levels of abrasion resistance. The three-layer laminate with BMW climate membrane offers perfect temperature regulation in this breathable, windproof and waterproof suit. A variety of ventilation zips and other clever details help give the rider great comfort, even in warm weather.

EnduroGuard gloves
The multifunctional EnduroGuard glove with twin-chamber technology is truly unique, allowing riders to easily switch chambers when weather conditions change. The PROOF moisture protection chamber is breathable, windproof and waterproof, with a lining for thermal insulation. The GRIP chamber features wafer-thin, abrasion-resistant kangaroo leather for an excellently crease-free, tactile fit.

Gravel boot
What’s the best way for a biker to stay connected to their bike? With a pair of comfortable Enduro boots. Their fully weather-proof material with breathable GORE-TEX® membrane offers the best protection from the elements, all year long. A variety of safety features and an extremely tough sole only add to these boots’ utter perfection.

Find out about these items and other rider equipment at your BMW Motorrad dealer or at bmw-motorrad.ca

MAKE LIFE A RIDE.
SERVICES FROM BMW MOTORRAD.

BMW Motorrad Service
The extensive service network of BMW Motorrad ensures your bike gets the care it deserves. There are over 22 BMW service centres in Canada alone, and if you’re off on your travels, you’ll find them in over 100 countries around the world. Their outstanding quality of service is based on reliability and speed whenever spare parts are needed, competent advice for riders, as well as excellent workshop performance. This has earned them exceptional ratings from many leading bike magazines.

BMW Motorrad Roadside Assistance
We pride ourselves on the quality of aftersales care we provide. Like BMW Motorrad roadside assistance: round-the-clock breakdown assistance. Call 1-800-287-8269 If you have a breakdown in Canada or the USA, our experts will do everything they can to get you back on the road. If they can’t fix the problem immediately, they’ll get you to your destination by other means.

Ask your BMW Motorrad dealer for more information or visit bmw-motorrad.ca

BMW Financial Services
Freedom on two wheels. BMW Financial Services helps you to get the most out of your riding experience. Financial services are very similar to configuring your own personal bike: an individual solution is always best. And that is particularly true when it comes to mobility.

Finance
BMW Financial Services offers convenient finance solutions that are tailored to your individual needs.

BMW Basic Finance
Choose a term (12 to 84 months) with a downpayment and instalments to suit your budget. Get your personal quote from your BMW Motorrad dealer.
MAKE YOUR DREAM A REALITY WITH 3ASY RIDE.
