BMW F 900 R

MODEL YEAR 2020

MAKE LIFE A RIDE

BMW F 900 R

The BMW F 900 R offers Roadster feeling in perfection and impresses with agile performance, dynamic handling and innovative technology. Its striking design with an aggressive front and short rear directs the focus to the essentials. The sporty middle-class Roadster can show off its dynamic qualities especially in the cornering labyrinth of the country roads or in the lively city traffic. The basis for the pure riding pleasure is the powerful yet economical two-cylinder in-line engine with 77 kW (105 PS), the agile chassis and suspension with an upside-down telescopic fork and the front-wheel-oriented seating position, which perfectly integrates the rider. Fans of active cornering can master bends intuitively and playfully. In addition to the standard equipment with ABS and ASC, the RAIN and ROAD riding modes and an excellently legible TFT display including Connectivity, the sporty Roadster can be perfectly adapted to the individual needs of its rider. BMW Motorrad offers a wide range of optional equipment and accessories, including numerous seat variants. Technical highlights include options such as Pro riding modes with ABS Pro, DTC, DBC and MSR, Dynamic ESA, shift assistant Pro and adaptive headlight.

- ENGINE / DRIVE**
- Water-cooled two-cylinder four-stroke engine with four rocker arm-controlled valves per cylinder, two overhead camshafts and dry sump lubrication
 - Capacity: 895 cc
 - Max. output: 77 kW (105 PS) at 8,500 rpm
 - Max. torque: 92 Nm at 6,500 rpm
 - Electronic injection
 - Closed-loop three-way catalytic converter
 - Exhaust system made of stainless steel
 - 6-gear shifting claw gearbox, integrated in the engine housing
 - Secondary drive via endless O-ring chain with cushion damper at the rear wheel hub
 - Multiple disc oil-bath clutch with anti-hopping function, mechanically operated
 - Compliant with Euro 5 emissions standard

- DIMENSIONS / WEIGHT**
- Length: 2,140 mm
 - Height (excluding mirrors): 1,130 mm
 - Width (excluding mirrors): 815 mm
 - Wheelbase: 1,518 mm
 - Unladen weight, fully fuelled/road-ready: 211 kg
- According to guideline VO (EU) 168/2013 with all operating fluids, with standard equipment, and filled to at least 90% of the usable tank capacity.
- Permitted total weight: 430 kg
 - Max. load with standard equipment: 219 kg
 - Usable tank capacity (of which reserve): 13 l (approx. 3.5 l)

- PERFORMANCE / FUEL CONSUMPTION**
- Max. speed: over 200 km/h
 - Fuel consumption per 100 km according to WMTC: 4.2 l
 - CO₂ emissions in accordance with WMTC: 99 g/km
 - Fuel type: Premium unleaded, minimum 95 octane (RON)

STANDARD EQUIPMENT

- CHASSIS**
- BMW Motorrad ABS
 - ASC (Automatic Stability Control), switchable
 - Upside-down fork with front steering damper (diameter: 43 mm, spring travel 135 mm/with low-slung 115 mm)
 - Cast aluminium double-sided swinging arm at the rear
 - directly hinged central spring strut (spring travel 142 mm/low-slung 122 mm), spring preload hydraulically adjustable
 - Adjustable rebound-stage dampingThe spring on the spring strut has a black finish.
 - Twin disc brake with floating discs, front (diameter 320 mm), 4-piston radial brake callipers
 - Single disc brake at rear (diameter: 265 mm), single-piston floating calliper
 - Double-buttet aluminium handlebars
 - Cast aluminium wheels (120/70 ZR 17 at front, 180/55 ZR 17 at rear)
 - Side stands with ignition cut-out switch

- ELECTRICAL SYSTEM**
- LED headlights (low-beam/high-beam headlight)
 - TFT display with BMW Motorrad Connectivity and on-board computer ¹:
Multi-functional info display that can be controlled using the Multi-Controller, with 6.5" full-colour TFT display as well as media and telephone functions. High-resolution colour display with innovative presentation of vehicle-specific data and media information.
Intuitively functional Multi-Controller for operating all available vehicle functions (depending on the selected optional equipment).
With additional information and navigation via the BMW Motorrad Connected app.
 - 12V power socket
 - Electronic immobilizer
 - Diagnostic interface
 - Hazard warning lights
 - LED flashing turn indicators and LED rear light

- EQUIPMENT**
- 4 riding modes: RAIN, ROAD, DYNAMIC and DYNAMIC PRO
 - One-piece seat (seat height: 815 mm / inner leg curve: 1,820 mm)
 - One key system for all locks
 - Pillion passenger foot pegs and grab handles
 - Adjustable brake lever and clutch lever
 - On-board literature and tools

General notes can be found on page 2.

¹ Helmet with BMW Motorrad communications system and smartphone required (available separately). Costs may be incurred through your mobile data plan. More information about your data and roaming tariffs is available through your mobile phone operator. Hands-free telephony (HFP), media playback (A2DP and AVRCP) and navigation (SPP/iAP) are supported by most current smartphones.

OPTIONAL EQUIPMENT

OPTIONAL EQUIPMENT PACKAGES

- DYNAMIC PACKAGE** Option code 235
- Not available in conjunction with Option code 499 "lowered suspension".
The spring on the spring strut is painted red for all vehicle colours.
- Dynamic ESA (Electronic Suspension Adjustment)
(For details, see optional equipment)
 - Headlight Pro
(For details, see optional equipment)

- COMFORT PACKAGE** Option code 230
- Tire pressure control
 - Heated grips

- TOUR PACKAGE** Option code 233
- (in connection with centre stand)
- Not available in conjunction with Option code 499 "lowered suspension".
- Navigation device preparation
 - Cruise control
 - Left and right case holder
 - Centre stand

OPTIONAL EQUIPMENT

- Low seat Option code 774
(seat height: 790 mm; inner leg curve: 1,785 mm)
- Extra-high seat Option code 220
(seat height: 865 mm; inner leg curve: 1,890 mm)
- Cruise control Option code 538
- Shift assistant Pro Option code 222
- Left and right case holder Option code 681
- Lowered suspension kit Option code 499
(seat height: 770 mm; inner leg curve: 1,755 mm)
Not in conjunction with Option code 191 "Dynamic ESA" or Option code 636 "Centre stand". Includes Option code 774 "Low seat".
- High handlebars Option code 611
- Pure windscreen Option code 558
- Keyless Ride Option code 193
- Anti-theft alarm Option code 603

Low and extra-high seats, Pro riding modes, TPC (tire pressure control), cruise control, shift assistant Pro, case holder, lowered suspension kit, preparation for navigation device, heating grips, high handlebars, Pure windscreen, The centre stand and anti-theft alarm can also be retrofitted as original BMW Motorrad accessories.

DETAILED INFORMATION FOR PRO RIDING MODES

The bike's range of application can be significantly extended with the Pro riding modes, and the control systems are also sensitive to inclined positions. In addition to the throttle response, the control behaviour of ABS Pro, MSR and the Dynamic Traction Control (DTC) as well as the standard settings for Dynamic ESA are adapted within the selected mode.

General notes can be found on page 2.

1 Soft bag

2 Softbag case holder

3 Small topcase, 30l

4 Backrest pad for small topcase

SOFT CASE AND CASE HOLDER

The high-quality soft bags made of durable polyester convince with practical details and each with a storage volume of 20 litres. Features such as the waterproof liner, the all-round zipper, the carry handle and the quick-release fastener for easy mounting on the motorcycle ensure a secure hold and practical handling. Soft cases can be easily and securely attached to the visually appealing case holders. If the cases are not mounted, the discreet holders are hardly noticeable.

Soft case scheduled to be available from third quarter of 2020; only in conjunction with case holders. Soft case holder also available as optional equipment. To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 1 Soft case, each 20 litres (left and right)
(+) Mounted parts
- 2 Soft case holder (left and right)
(+) Mounted parts

SMALL TOP BOX (30 L) WITH BACKREST PAD

This waterproof plastic topcase with a painted lid and 30-litre volume offers high-quality workmanship and enough space for a helmet. Thanks to the comfortable backrest pad for the small topcase, the passenger can enjoy improved comfort both on short trips and on long tours. To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer. Small topcase only in conjunction with luggage carrier.

- 3 Small topcase, 30l
 - Black storm metallic
 - Asphalt grey metallic matt
- 3 – Racing red
 - Light white
- 4 Backrest pad for small topcase

5 Liner for small topcase

6 Luggage carrier

7 Bag for luggage carrier

LINER FOR SMALL TOPCASE

The matching tailored liner for the topcase gets the luggage organised and facilitates loading and unloading.

- 5 Liner for small topcase

LUGGAGE CARRIER

A topcase or other pieces of luggage can be securely attached to the sturdy luggage carrier made of powder-coated die-cast aluminium. Scheduled availability from second quarter of 2020. Only available in conjunction with case holders. To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 6 Luggage carrier
(+) Mounted parts

BAG FOR LUGGAGE CARRIER

The bag for the luggage grid has a waterproof main compartment and, with a volume of 4.5 litres, provides enough storage space for day trips or the daily ride to work. It is a practical addition or alternative to the tank bag. The zip fastener on three sides allows quick access, while the carry handle facilitates transport. Only available in conjunction with luggage carrier.

- 7 Bag for luggage carrier, 4.5l

LARGE TANK BAG

The large tank bag, made of durable polyester fabric, offers many intelligent details. Its volume can be extended from 11 to 16 litres as required.

Scheduled availability from first quarter of 2020.
The installation manual is available for download from the BMW Motorrad website.

1 Large tank bag, 11l–16l
(+) Mounted parts

SMALL TANK BAG

The small tank bag with a volume of 5.5 litres and a waterproof inner bag is the ideal companion for short trips.

Scheduled availability from first quarter of 2020.
The installation manual is available for download from the BMW Motorrad website.

2 Small tank bag, 5.5l
(+) Mounted parts

LARGE SOFTBAG / SMALL SOFTBAG

The Softbags with their waterproof main compartment and water-repellent exterior pockets provide variable storage volume.

The padded carry handle and a shoulder strap make it easy to transport. Can be mounted individually to the bike with adjustable straps with snap-fit fasteners.

3 Large Softbag, 50l–55l
4 Small Softbag, 30l–35l

ATACAMA ROLL BAG

The Atacama roll bag made of a robust mix of materials features impressively sophisticated details and boats a storage volume of 40 litres. In addition to the waterproof liner, various storage compartments provide additional space. The versatile fastening concept, three carry handles and backpack function ensure a secure hold and extremely practical handling.

5 Atacama roll bag, 40l
6 Tensioning strap for Atacama roll bag, lockable

LUGGAGE ROLL

This waterproof luggage roll with large opening can be used universally and offers a volume of 50 litres. The zippered liner and the small outer mesh pocket provide space for smaller items. A detachable shoulder strap and padded carry handles make transport to and from the bike easy.

7 Roll bag, 50l

BAG FOR SMARTPHONE

Smartphones can be safely stowed in the padded, waterproof smartphone pocket and charged or used as a navigation device while riding.

8 Bag for smartphone

FOLDING BACKPACK

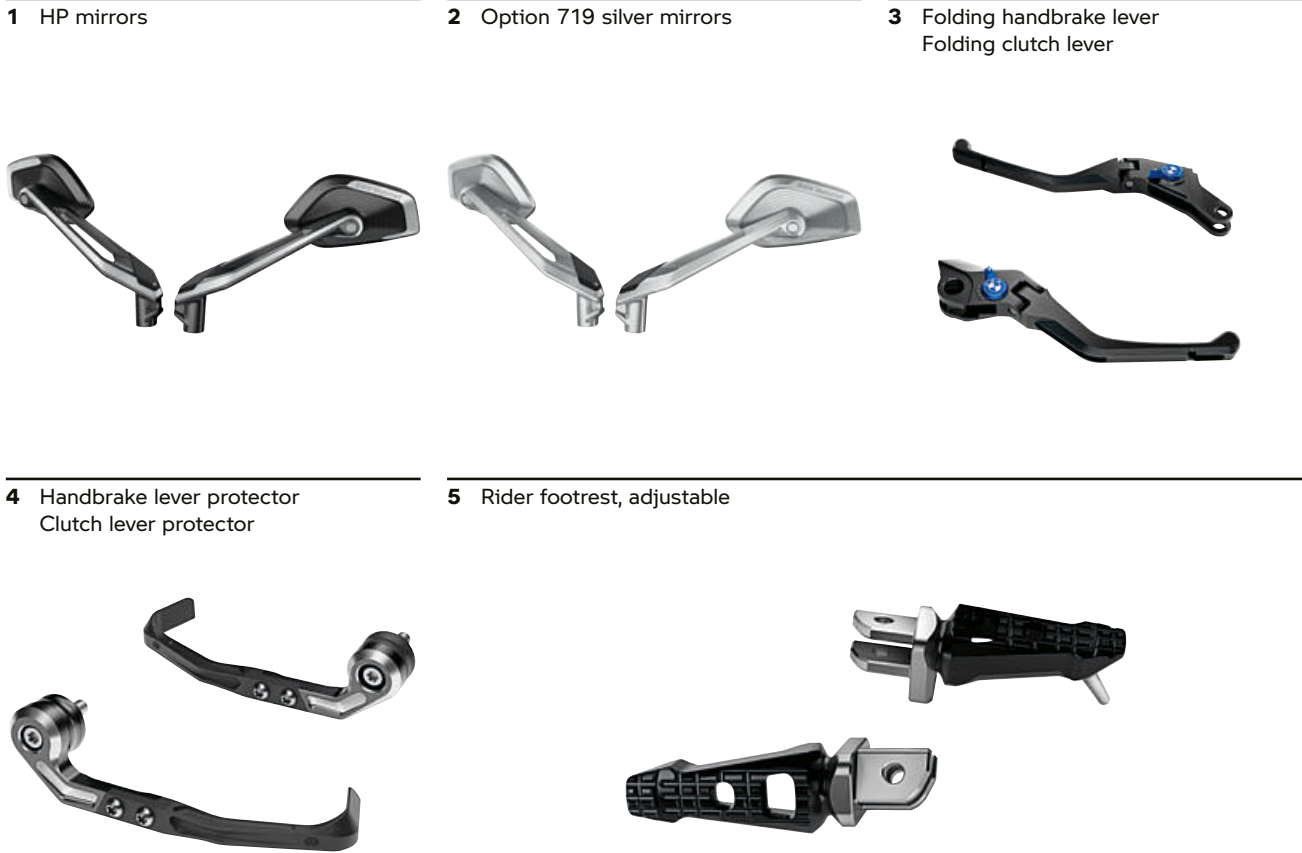

The lightweight folding backpack is a helpful companion when spontaneous storage space is required on the move. It can be stowed under the seat.

9 Folding backpack, 12l

PACK BAG SET

The practical pack bag set keeps the pannier tidy. It includes five bags in three sizes and a laundry bag.

10 Pack bag set

HP MIRRORS

The high-quality HP mirrors in black/silver are made of milled aluminium and emphasize the sporty character of the bike. The low-vibration construction and aerodynamic shape ensure excellent visibility. The attractive design with BMW Motorrad inscription also creates a strong individualization effect.

The installation manual is available for download from the BMW Motorrad website.

1 HP mirrors (left and right)

OPTION 719 SILVER MIRRORS

The silver-coloured mirrors give an excellent view and emphasize the high-quality character of the bike.

The installation manual is available for download from the BMW Motorrad website.

2 Option 719 silver mirrors

FOLDING HAND LEVER

The handbrake lever can be adjusted in five positions for the preferred grip range. The clutch lever can be adjusted in three positions, and both hand levers are equipped with a folding mechanism with a defined folding torque.

The installation manual is available for download from the BMW Motorrad website. Scheduled availability from second quarter of 2020.

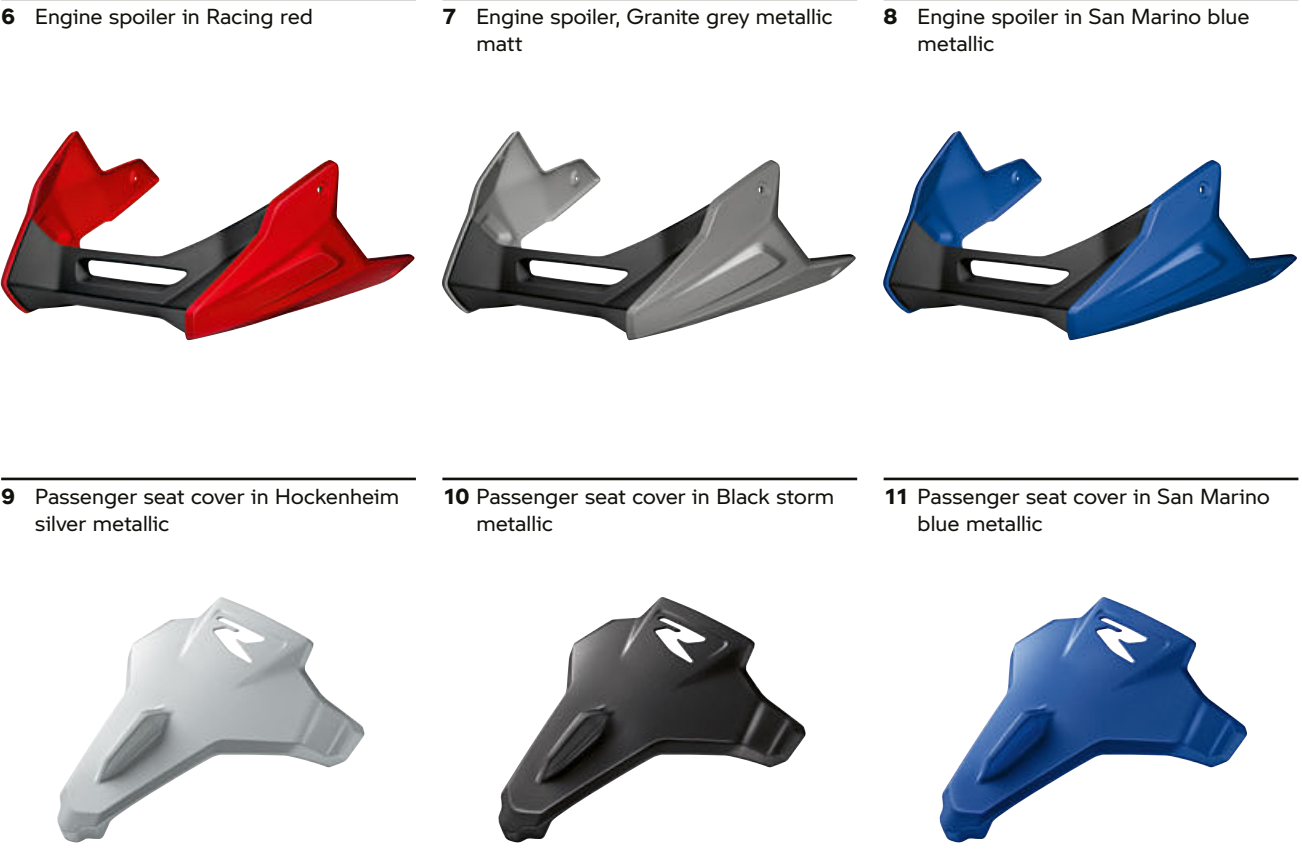

3 Folding handbrake lever
3 Folding clutch lever

HANDBRAKE LEVER AND CLUTCH LEVER PROTECTOR

The protectors protect the hand levers from unintentional contact riding and also in the event of the bike falling over.

The installation manual is available for download from the BMW Motorrad website. Scheduled availability from second quarter of 2020.

4 Handbrake lever protector
4 Clutch lever protector

ADJUSTABLE RIDER FOOTRESTS

The adjustable rider footrests on the right made of anodized aluminium combine a dynamic look with ergonomics and sportiness at the highest level.

The installation manual is available for download from the BMW Motorrad website. Scheduled availability from second quarter of 2020.

5 Adjustable rider footrests (left and right)

ENGINE SPOILER

The engine spoiler, made of shatterproof and UV-resistant plastic, in Racing red or Granite grey metallic matt or San Marino blue metallic ensures an individual sporty look.

The installation manual is available for download from the BMW Motorrad website. Not available in conjunction with engine protection bar. Scheduled availability from third quarter of 2020.

6 Engine spoiler in Racing red
7 Engine spoiler in Granite grey metallic matt
8 Engine spoiler in San Marino blue metallic

PASSENGER SEAT COVER

The stylish passenger cover in vehicle colour skilfully emphasizes the bike's sporty and dynamic look. Made of shatter-proof and UV-resistant plastic, it can be easily installed with cords in a plug-and-play fashion ensuring a sporty single-seater look when riding solo.

The installation manual is available for download from the BMW Motorrad website.

9 Passenger seat cover in Hockenheim silver metallic
10 Passenger seat cover in Black storm metallic
11 Passenger seat cover in San Marino blue metallic

1 High windscreen

2 Pure windscreen

3 High handlebars

4 Comfort seat

5 High seat

6 Low seat

HIGH WINDSCREEN

The scratch-resistant coating of the windscreen improves wind and weather protection.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 1 High windscreen
(+) Mounted parts

PURE WINDSCREEN

The tinted Pure windscreen as cockpit trim panel underlines the bike's sporty appearance.
Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 2 Pure windscreen
(+) Mounted parts

HANDLEBARS, HIGH

With the 19 mm higher handlebars, the handlebar ends are 43 mm closer to the rider, supporting a more upright sitting position. In addition, the overall ergonomics are improved in conjunction with the low seat, which provides additional safety when manoeuvring with the handlebar fully turned, for example.
Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 3 High handlebars

COMFORT SEAT

The comfort seat with its additional padding offers noticeable benefits in seating comfort for both rider and passenger.
Information about installation can be found in the operating instructions.

- 4 Comfort seat
(seat height: 840 mm / inner leg curve: 1,870 mm)

EXTRA-HIGH, HIGH OR LOW SEAT

The extra-high and high seats offer noticeable benefits in seating comfort, especially for tall riders.
The low seat makes it easier to get on and off and improves ground accessibility.
Extra-high and low seat available as optional equipment.
Information about installation can be found in the operating instructions.

- Extra-high seat
(seat height: 865 mm / inner leg curve: 1,890 mm)
- 5 High seat
(seat height: 835 mm / inner leg curve: 1,860 mm)
- 6 Low seat
(seat height: 790 mm / inner leg curve: 1,785 mm)

1 Centre stand

CENTRE STAND

The stable centre stand ensures a secure position, makes care and maintenance work on the motorcycle easier and relieves the strain on tires and suspension elements.

Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.
Not available in combination with low-slung.

- 1 Centre stand
- (+) Mounted parts

LOW-SLUNG

The changes in the chassis resulting from the low-slung suspension reduce the vehicle height and the seat height. This means that even smaller riders can enjoy improved stability and have better control over their machine when manoeuvring.

Also available as optional equipment.
Fork legs available in black or gold anodized.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.
Not available in conjunction with engine protection bars, centre stand or Option code 191 "Dynamic ESA".
Seat height specification in conjunction with low seat.

- Low-slung
(seat height: 770 mm / inner leg curve: 1,755 mm)
(+) Mounted parts

RETROFIT SETS

Retrofit sets are optional technical equipment that can also be retrofitted on request.

- The electronic cruise control can be activated from 30 km/h and keeps the driving speed constant.
- The shift assistant Pro makes it easy to shift up and down without actuating the clutch.
- The heated grips keep hands and fingers comfortably warm even on cold or rainy days and thus offer improved comfort and safety benefits.

Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- Pro riding modes retrofit set
See page 8 for detailed information.

1 BMW Motorrad Navigator VI

2 Navigation preparation retrofit set

3 Car kit for BMW Motorrad Navigator VI

4 BMW Motorrad Smartphone Cradle

5 BMW Motorrad dual USB charger

BMW MOTORRAD NAVIGATOR VI

The multifunctional Navigator VI makes route planning child's play. The system with 16 GB flash memory and a five-inch touch screen always shows the right way. Thanks to the circular polarisation filter (CPOL), the waterproof display is easy to read even in direct sunlight. The high-resolution screen in a casing similar to a smartphone provides all the essential information and ensures that you can see the big picture required in every situation. Numerous additional functions make planning and touring an exciting experience. Plan your routes according to your personal preferences and enjoy driving on winding and quiet side roads. The "round trip" option is a good choice on unfamiliar terrain as it will reliably lead you back to the starting point. The Bluetooth connection to the BMW Motorrad communication system and the optional Smartphone Link app enable multimedia on the go: navigation announcements, telephone calls and music streaming as well as the retrieval of weather forecasts or traffic jam information are no problem. With the navigation preparation, further functions such as "My motorcycle" are available; alternatively, control via the multi-controller on the handlebars is possible.

Choose the pre-installed map data, and you will always be up to date with lifelong, free map updates.
Only available in conjunction with navigation preparation.

1 BMW Motorrad Navigator VI

NAVIGATION PREPARATION RETROFIT SET

The retrofit set includes navigation preparation with holder and Mount Cradle for the navigation device.
Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.
Not available in conjunction with the Smartphone Cradle holder.

2 Navigation preparation retrofit set
(+) Mounted parts

CAR KIT FOR BMW MOTORRAD NAVIGATOR VI

If you are leaving your motorcycle at home, you can use the BMW Motorrad Navigator VI in your car in just a few easy steps thanks to the car kit.

3 Car kit for BMW Motorrad Navigator VI

BMW MOTORRAD SMARTPHONE CRADLE

BMW Motorrad's robust Smartphone Cradle provides a safe and protected place for your smartphone. This means that useful functions such as navigation information and online information can also be used while you are on the move. Thanks to the handy charging function, your smartphone is also always ready for action on extended bike tours. The BMW Motorrad Smartphone Cradle holder is attached to the handlebar clamping block or handlebar tube within the rider's field of view.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.
Not available in conjunction with preparation for navigation device.

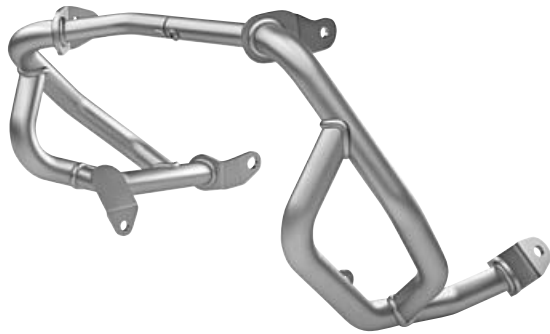

4 BMW Motorrad Smartphone Cradle
- Holder for Smartphone Cradle

USB PORTS

The BMW Motorrad dual USB charger can be used to charge two mobile devices conveniently via the motorcycle's 12V power socket while riding. The optional BMW adapter cables make it easy to charge mobile devices while riding using the BMW dual USB charger.
BMW adapter cable: charging function only, no multimedia function.

5 BMW Motorrad dual USB charger with 60 cm cable
5 BMW Motorrad dual USB charger with 120 cm cable
- BMW adapter cable for micro USB
- BMW adapter cable for Apple iPhone/iPod
- BMW adapter cable for USB type C

1 Engine protection bar

2 Brake disc lock with anti-theft alarm

3 Protective glass for 6.5-inch TFT display

ENGINE PROTECTION BAR

The sturdy stainless steel engine protection bar protects the engine housing against damage without restricting the rider's freedom to lean the machine.

Not available in combination with low-slung or engine spoiler.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- 1 Engine protection bar (left and right)
- (+) Mounted parts

ANTI-THEFT ALARM SYSTEM RETROFIT SET

If the anti-theft alarm system is moved or struck violently, the system responds with a clearly audible signal and a hazard warning indicator lamp.

Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- Anti-theft alarm retrofit set
- (+) Mounted parts

BRAKE DISC LOCK WITH ANTI-THEFT ALARM SYSTEM

Double protection against theft: The brake disc lock with anti-theft alarm is the ideal theft deterrent when you're out with your bike. The lock made of hardened steel provides reliable protection against manipulation and is easy to store thanks to its compact dimensions. The anti-theft alarm detects the smallest movements and violent shocks and responds by emitting an acoustic alarm.

- 2 Brake disc lock with anti-theft alarm

TPC RETROFIT SET

Tire Pressure Control (TPC) with all functions can be retrofitted by installing the control unit. TPC provides reliable information about the current tire pressure and warns the rider about pressure loss at an early stage. The corresponding notifications and instructions are provided by the on-board computer in the cockpit.

Also available as optional equipment.
To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

- TPC retrofit set
- (+) Mounted parts

PROTECTIVE GLASS FOR 6.5-INCH TFT DISPLAY

The protective glass reliably protects the 6.5-inch TFT display from dirt, flying stones and damage. The hardened glass has an anti-glare and anti-reflective surface, so that the TFT display can be read easily. With BMW Motorrad inscription.

- 3 Protective glass for 6.5-inch TFT display

FIRST-AID KIT

The extensive large first aid kit from BMW Motorrad complies with the German DIN standard for motorcycle first aid kits and is a vital component of any motorcycle. The compact small first-aid kit from BMW Motorrad fits into any motorcycle and includes basic equipment for treating minor injuries.

- Large first-aid kit
- Small first-aid kit

1 Multifunctional tool

3 Breakdown assistance kit for tubeless tires

MULTIFUNCTIONAL TOOL

The BMW Motorrad multifunctional tool has everything under control – exactly 40 useful tools for on the go and at home. From the locking blade, screwdriver and pliers to the reversible ratchet with bit extension and nine screwdriver bits.

1 Multifunctional tool

2 Tire pressure travel pack

TIRE PRESSURE TRAVEL SET

The travel set for tire pressure monitoring includes a small digital measuring device and CO₂ cartridges for filling. To be fitted and/or enabled in a specialist workshop, ideally at your authorised BMW Motorrad retailer.

2 Tire pressure travel pack

BREAKDOWN ASSISTANCE KIT FOR TUBELESS TIRES

The breakdown assistance kit for tubeless tires includes everything the rider needs for emergency repairs on the road in the event of a puncture.

3 Breakdown assistance kit for tubeless tires

COMPACT FOOT PUMP

Whether motorcycle, car, bicycle, football or air mattress – the BMW compact foot pump fits all valves and pumps extremely accurately thanks to the digital pressure gauge.

4 Compact foot pump

5 LED torch

2 Original BMW Engine Oil ADVANTEC Ultimate 5W-40, 1 l

3 Original BMW Engine Oil ADVANTEC Ultimate 5W-40, 500 ml

4 Original BMW Care Products

5 Atacama toiletry bag set

BMW MOTORRAD BATTERY CHARGER PLUS

In addition to charging conventional lead-acid batteries and maintenance-free rechargeable batteries (gel/AGM), the high-quality BMW Motorrad battery charger Plus also allows for fully automatic, microprocessor-controlled charging and maintenance of all Original BMW Motorrad lithium-ion starter batteries with 12 V and a capacity of 6 to 60 Ah. Supplied without LED torch batteries; four LR41 1.5V button cells required.

1 BMW Motorrad battery charger Plus

ORIGINAL BMW ENGINE OIL ADVANTEC

The ADVANTEC Ultimate engine oil with a viscosity of 5W-40 has been perfectly tailored to BMW Motorrad's high-performance engines.

- 2 Original BMW Engine Oil ADVANTEC Ultimate 5W-40, 1 l
- 3 Original BMW Engine Oil ADVANTEC Ultimate 5W-40, 500 ml

TIRES AND INNER TUBES

The most important connection between your bike and the road. Tires tested by BMW Motorrad guarantee the best possible performance and handling. Our authorised BMW Motorrad retailers will be happy to provide you with detailed advice if you have any questions about approved tires and suitable, high-quality inner tubes for the BMW Motorrad model in question.

ORIGINAL BMW CARE PRODUCTS

BMW Care products meet the high standards set by BMW Motorrad. Developed exclusively for BMW motorcycles, they counteract the signs of ageing and help maintain their value and safety.
(figures from left to right)

- 4 Motor gloss spray, 300 ml
- 4 Motorcycle cleaner, 500 ml
- 4 Rim cleaner, 500 ml
- 4 Gloss polish, 250 ml
- 4 Chain lube spray, 300 ml
- 4 Chain cleaner, 300 ml
- 4 Body + Bike shower gel, 250 ml
- 4 Metal polish, 75 ml

ATACAMA TOILETRY BAG SET

The Atacama toiletry bag set is just the right size for travelling and comes with the most important BMW Motorrad body care products. The attractive bag can be packed in a space-saving way and has a practical hook for hanging up.

5 Atacama toiletry bag set

ROADSTER MEN'S SUIT

The Roadster men's suit, made of highly fall and abrasion-resistant nappa leather combines excellent wearing comfort with a safety package. A high proportion of elastic textile and leather stretch inserts in the shoulder, sleeve and knee areas guarantee optimum freedom of movement in any seating position.

Find out about these items and other rider equipment at your authorised BMW Motorrad Retailer or at bmw-motorrad.ca

AIRFLOW GLOVES

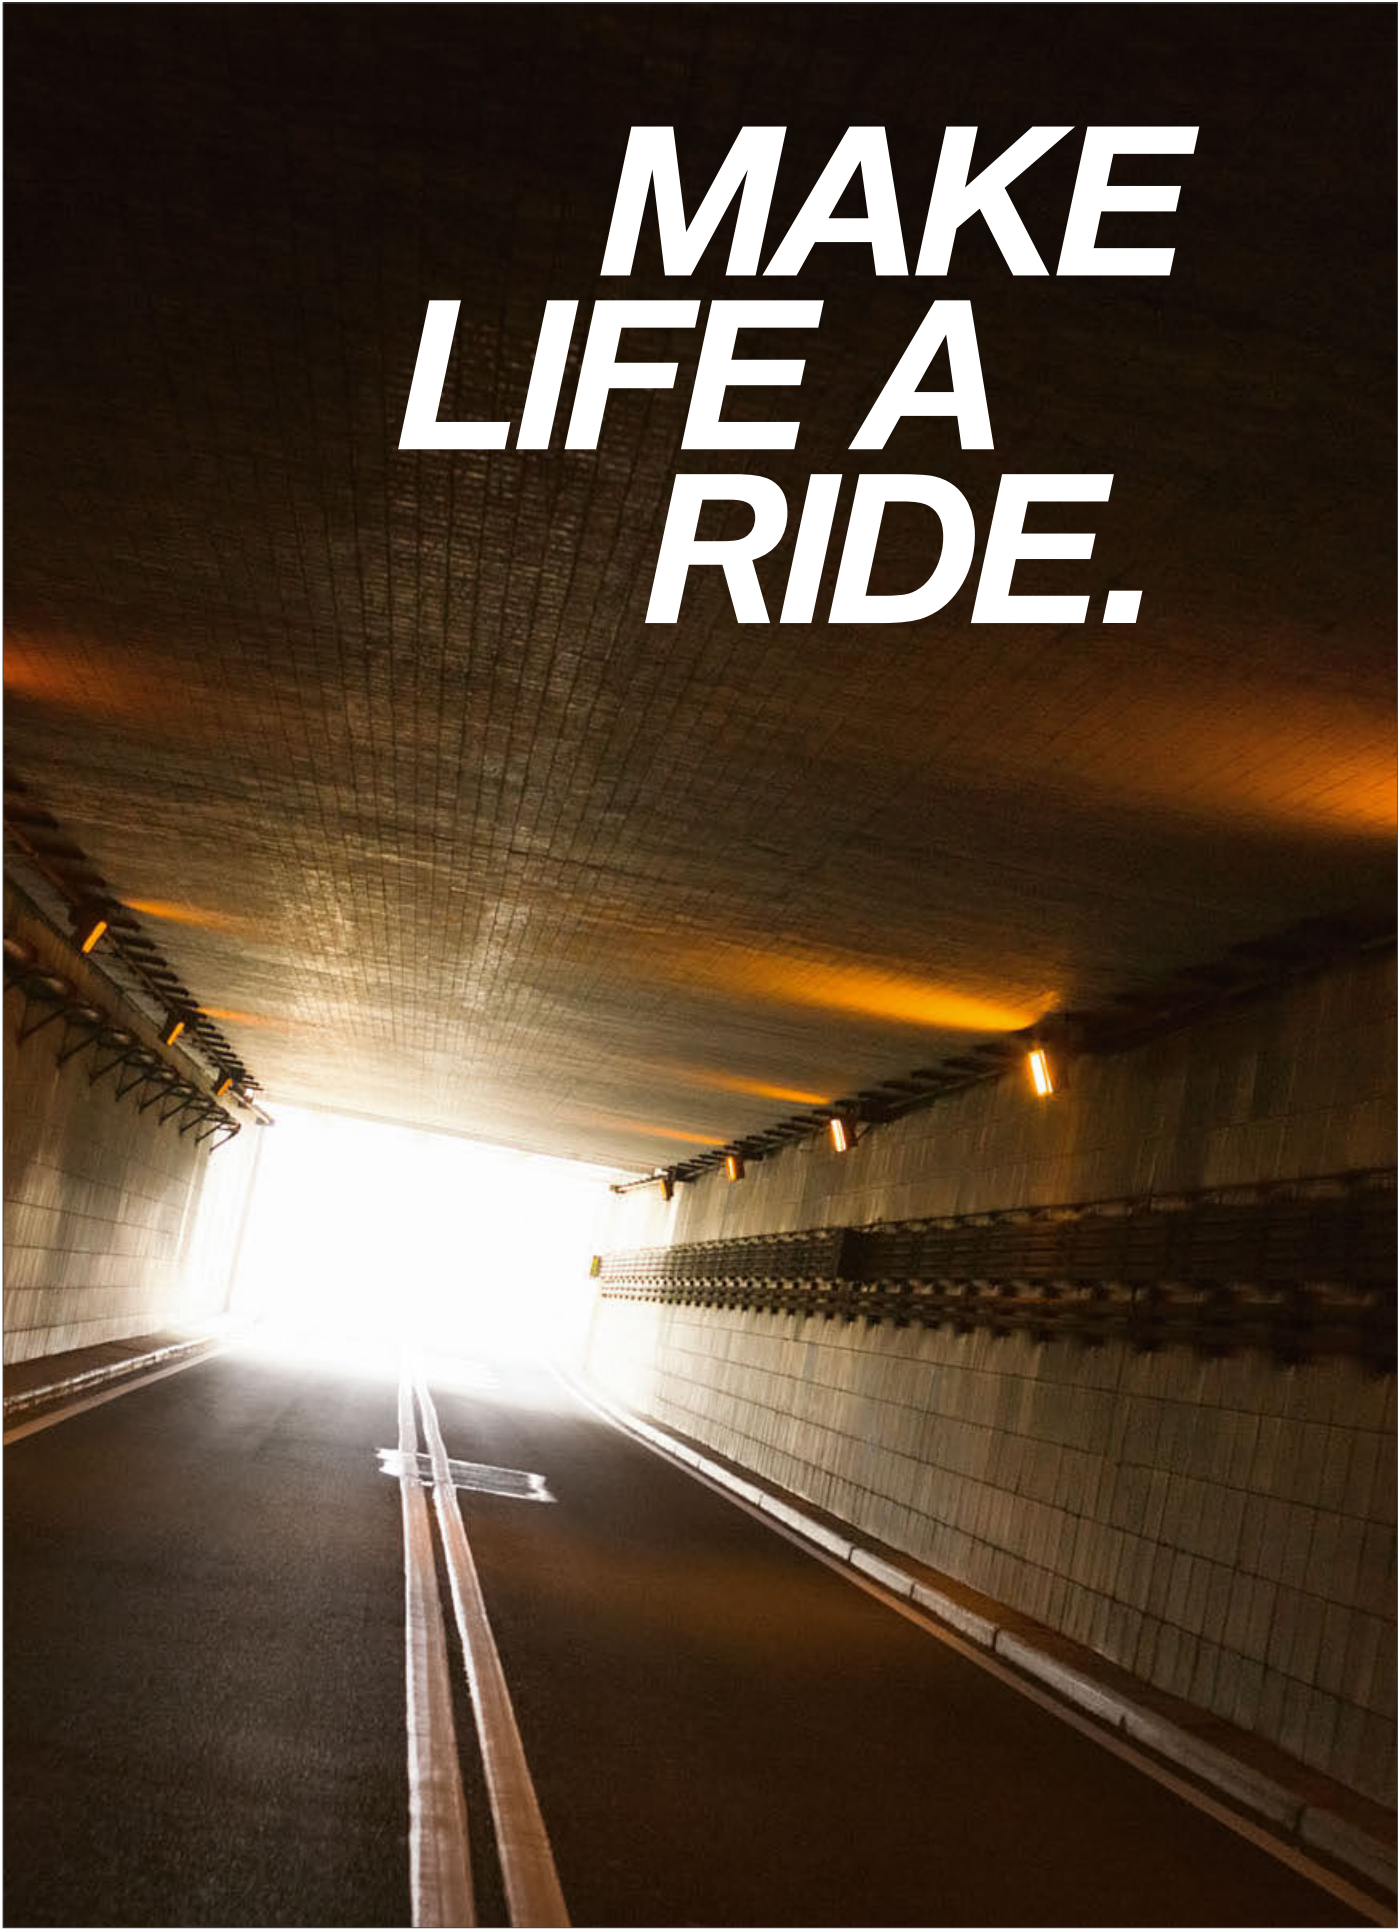

These gloves are designed to complement the AirFlow suit, but are also perfect for any summer excursion. They offer a mix of thin and highly wear-resistant material such as goatskin and AirTex, which combine grip and protection. Knuckle protectors and impact-absorbing foam protect the back of the hand, while holes in the insides of the fingers ensure optimum ventilation. Your next summer tour won't be complete without AirFlow gloves!

FLOW BOOTS

Lined and printed Flow boots for men and women are ultralight short-shaft boots for the summer. The choice of textiles ensures extremely good ventilation. Shin and ankle protectors, and reinforcements in the toe and heel caps offer adequate protection.

RIDER'S EQUIPMENT

BMW MOTORRAD SERVICE

The extensive BMW Motorrad service network ensures your bike gets the care it deserves. There are over 22 BMW service centres in Canada, and if you're off travelling, you'll find them in over 100 countries around the world. Their outstanding quality of service is based on reliability and speed whenever spare parts are needed, competent advice for riders, as well as excellent workshop performance. This has earned them exceptional ratings from many leading bike magazines.

BMW MOTORRAD ONLINE

For more information, visit our website at bmw-motorrad.ca. You can then request a test ride or order the latest brochures.

Globetrotting bikers will find a wealth of information at Travel Point.

And you'll find an overview of the BMW Motorrad rider equipment range at Rider's Point.
